

SAMSON THOMAS

Full Stack Developer

📞 07031543164 @ favoursamson347@gmail.com 🔗 <https://www.linkedin.com/in/samson-thomas-995845334/>
📍 09, Juleon street, Arida, Lagos State.

SUMMARY

Dedicated Full Stack Developer with a passion for crafting innovative solutions. Proficient in a spectrum of modern web technologies, specializing in both front- and back-end development. Experienced in navigating the full software development lifecycle with a keen focus on quality, security, and usability. Adept at multitasking and problemsolving, combining advanced coding skills to drive successful project outcomes. Seeking a dynamic and growth-oriented professional environment to further leverage my skills and knowledge effectively

EXPERIENCE

Frontend Engineer

Afrilearn

📅 10/2024 - 03/2025 📍 Ikeja, Lagos State

Afrilearn offers curriculum-based class notes, homework help, animated video lessons, exam practice (WAEC, NECO, JAMB, BECE), and a personalized learning dashboard that empowers secondary and primary school students to study at their own pace in and outside of the classroom

- Worked on the school management system(sms) using next js, tailwinds css, typescript and RTK query

Full Stack Developer

Aspian Technologies Limited

📅 03/2023 - Present 📍 England, United Kingdom · Remote

Achievements/Tasks

- Currently spearheading dynamic development as a Full Stack Developer at Aspian Tech, leveraging the power of Next.js and TypeScript to craft robust front-end solutions with Redux Toolkit
- Driving innovation in the real estate sector by employing GraphQL and Express for the backend, ensuring seamless communication and efficient data management
- Instrumental in the implementation of captivating features such as email notifications, a sophisticated chat system, and a comprehensive property listing platform.
- Actively contributing to the evolution of Polis's real estate application, combining technical expertise with creative problem-solving to deliver an unparalleled user experience

Full Stack Developer

Tosé

📅 02/2024 - 03/2024 📍 Kenya - Remote(contract)

Achievements/Tasks

- Architected and implemented an API for a pricing model, enabling dynamic and intelligent pricing solutions for a diverse range of products and services.
- Leveraged Next.js and Tailwind CSS to create high-performance, responsive web application, ensuring seamless user experiences across various devices and screen sizes.
- Demonstrated proficiency in both front-end and back-end development.

Frontend Developer

Invateo Global · Contract

📅 10/2022 - 01/2023 📍 Abuja, Nigeria - Remote(contract).

Achievements/Tasks

- Implemented user interface components for JavaScript-based web application using react ecosystem
- Developed responsive web based UI and optimize components that work seamlessly across different
- Worked with third party dependencies and APIs

Frontend Developer Intern

Softmesh

📅 08/2021 - 11/2022 📍 Akure, Nigeria.

Achievements/Tasks

- Implemented websites and landing pages from concept through deployment.
- Optimize website speed and user experience.
- Integrate and use Rest and GraphQL API data in different web applications.

KEY ACHIEVEMENTS

Enhanced Efficiency

Reduced system downtime by 30% through efficient integration of new backend solutions.

Boosted Performance

Increased application performance by 40% with optimized code and scalable architecture.

Increased User Base

Expanded user base by 25% via user-friendly design and mobile compatibility focus.
